**Multiple Fiscal-Year Dollar Totals for Department of Defense Prime Contracts in All States and D.C.**

**Full-Table 6-Year Trends by Agency, 2001 through 2006**

Source: Statistical Information Analysis Division, Department of Defense

*(SIAD source: ST25M Multi-year States and Territories Prime Contracts)*

**Summary**

DoD awards prime contracts for all types of products and services to hundreds of thousands of businesses in most towns and cities in the United States. The figures below are dollar totals paid by the Department of Defense to prime contractors (companies) in all fifty states and District of Columbia. In most cases, prime contractors subcontract other companies to fulfill the various requirements of each prime contract. The figures below do not include the millions of subcontracted companies and individuals.

Comparative total summaries for fiscal years 2001 and 2006 (in billions of dollars), and the total increase or decrease, follow the name of each state in this table, e.g. **Alabama: 2001 \$3.4 / 2006 \$6.9 (+\$3.5)**. A list of all state summaries appears at the end of the table. Only one state (Georgia) did not record an increase in dollars received.

*Brian Bogart is a defense statistics analyst and a University of Oregon Diversity Scholar and Peace Studies graduate student.*

*His thesis project juxtaposes what President Dwight Eisenhower termed the “unwarranted influence” by 20<sup>th</sup> century defense policies on industry and government with today’s need for policies that defend a world threatened by climate change.*
